EDUCATION

BACHELOR OF TECHNOLOGY,
CIVIL ENGINEERING

TECHNOCRATS INSTITUTE OF
TECHNOLOGY,BHOPAL

- 8.51 CGPA

SENIOR SECONDARY SCHOOL

- 71.4%

HIGHER SECONDARY SCHOOL

- 75.2

KEY SKILLS

- Proficient in AutoCAD 2D, staad pro, Bar bending schedule and other software for design and analysis.
- Knowledge of engineering principles, codes and regulation.
- Ability to work efficiently in both independent and team environments.
- Strong written and verbal communication skills.
- Detail-oriented with a strong focus on accuracy and precision.

PROFILE

Motivated and detail-oriented Civil Engineering student seeking a challenging internship position to apply theoretical knowledge and gain practical experience in the field of Civil Engineering. Committed to delivering high-quality work, collaborating effectively with teams and contributing to the successful completion of projects.

RELEVANT COURSEWORK

- Transportation Engineering
- Environmental Engineering
- Building Material and Construction Technology
- R.C.C
- Structural Analysis and Design
- Fluid Mechanics
- Surveying and Mapping
- Water Resource
- Energy and Environmental Engineering

CERTIFICATION

FROM AUTODESK

- Layout and Output Drawings for Design and Drafting
- Date of completion = 27 MAY 2023
- Technical Drawing for Design and Drafting

BENTLEY STAAD Pro

- R.C.C. Design, Steel Design, Beam & column Design

PROJECT

MAJOR PROJECT

- Study of Coconut Fibre Concrete
